

CNS Sports Stars Data - Tanfield Primary School – 2019/20

Vision

A measurable and sustained improvement in school PE and sport, underpinned by high-quality teaching that increases participation levels in physical activity, and leads to healthier pupils who are more engaged across the whole curriculum. This will be our legacy to the London 2012 Olympic and Paralympic Games.

Objectives

- 1.** To improve the quality of existing PE teaching through continuing professional development in PE for generalists, so that all primary pupils improve their health, skills and physical literacy, and have broader exposure to a range of sports.
- 2.** To increase participation levels in competitive sport and healthy activity of pupils, and maintain these into adolescence.
- 3.** To increase the quality of initial teacher training in PE and sport, and to promote PE specialisation in primary level workforce.
- 4.** Schools understand and value the benefits of high quality PE and sport, including its use as a tool for whole school improvement.

At CNS Sports Stars we offer a bespoke package to all schools. Our aims are to promote physical education and sport in key stage 1 and 2 with the hope this is continued into future key stages and in life outside of school. We encourage staff from all schools to observe, support and co teach PE lessons to help improve school staff knowledge on both PE and specific sports.

All of our staff are CRB/DBS checked and are observed in line with school policy. Staff attend CPD opportunities with the local county council and in future SAFC foundation light.

Our cluster package was designed in co-operation with 4 schools all under the same business manager. The aim of the package was to;

- 1 – Increase participation levels
- 2 – Challenge and support MAT students
- 3 – Improve teacher knowledge
- 4 – Provide opportunities for students to experience a wide range of activities
- 5 – Make it sustainable and affordable

As part of our service and our strong links to the cluster we have put 2 of our staff per school year through the level 3 qualification delivered by the PE County Council.

Evidence

See appendices for CPD, school registers, observations, data information in this booklet, student voice to be carried out at the end of each school year.

CPD for School Staff

As part of the festival and competition delivery staff from school are able to work alongside CNS coaches.

This can help improve staffs knowledge on;

- Individual and team sports
- Delivery of sporting activities
- Scoring systems in sports
- Structure of coaching sessions
- Rules and regulations of sports

2019/20

- Disability Day – Autumn Term
 - November 2019
- Healthy Living Day – Spring Term
 - March 2020
- Active Day – Summer Term
 - June 2020

Festival Programme

The festival programme is designed to cater for all students of all abilities. Each festival offers a wide range of activities such as OAA, Dance, Sending and Receiving, FUNdamentals, Team Games and Striking and Fielding.

The aim of the festival programme is to offer a wide range of activities. In doing this it is hoped the students will find an activity of interest they can then continue to participate in at school and/or out of school. EVERY STUDENT in the school takes part in the festival for their year group.

The sessions work on a carousel basis where students have 20 minutes at each activity.

Festival Participation Levels at Tanfield Lea Community Primary School

Year Group	Participants
Reception	100%
Year 1	100%
Year 2	100%
Year 3	100%
Year 4	100%
Year 5	100%
Year 6	100%

Competition Programme

The competition programme is a half termly programme with 2 hours per week in school coaching followed by a half day competition within the 4 school cluster. During this in school coaching there is the opportunity for school staff to obtain invaluable knowledge on the various sports, rules, coaching sessions and CNS staff knowledge.

There is a wide variety of competitive sport on offer throughout the school year. ***The programme is delivered across the full school and can be accessed by all students in the school***

The 14-20 more able and talented (MAT) students are selected by the CNS and school staff to represent their school at the cluster competition.

Competition Participation Levels

Tag Rugby – 18 in total (7 aside)

Cross Country – At least 15 but, if have more in the club, depends on how many seats on the bus for Tanfield.

Hockey – 14 in total (5 aside)

Gym/Dance Routine – 16

High 5 – 16 in total (5 aside for girls, 7 aside for boys) 7 girls and 9 boys

Golf – 12 in total (Computer Golf Game to be set up in classroom if weather is not good/Crazy Golf course.)

Football – 14 (5 aside)

Cricket – 16 total (8 aside)

Dodgeball – 12 total – mix of boys and girls - 3 children from each year group (if possible – if not, a balance of year groups)

Athletics (Y1 and Y2) – 12 – 6 boys and 6 girls

Athletics (Y5 and Y6) – 20 – 10 boys and 10 girls

Leadership Programme

The leadership programme was designed to select MAT students from across the curriculum to gain leadership skills to extend their learning. The MAT students can be selected in a variety of ways such as an application process or a simple identification from school staff. CNS staff then delivers 6-8 weeks of hourly sessions to guide students on how to be a sports leader. A sports leadership programme is supplied to the students to be completed on a weekly basis.

With this being the first year of delivery each school was given options of;

1 – Continuing with the MAT student learning via the delivery of blocks of leadership skills suited to different sports

2 – MAT students to deliver an after school session with the guidance/support of the CNS staff.

Lunch and After School Clubs

Sessions are very well attended at school. Lunch clubs are accessible to all children free of charge with the after school clubs costing a small fee. The lunch clubs main aim is for mass participation in a safe environment. This has been very successful with CNS staff setting up structured games for all children to participate in. After school clubs are more specific to key stage groups and specific in coaching. More skill based activities are delivered in this time. Sessions range from multi skills, ABC's, dance, football, cricket, dodgeball and many more.

Extra Competition Coaching

Langley	Monday Nights
Brandon	Wednesday Nights
Tanfield	Thursday Nights
