

We Are Very Proud!!

Mrs Watson and I have been blown away by your work over the past few weeks. We have thoroughly enjoyed seeing your baby photos and family drawings. I thought I would share a few photos and examples of work with you (Sorry we can't share them all, others will be displayed in our class floor books, displays and on Twitter).

Many of you have enjoyed looking at your baby photographs and comparing them to how you look now. You've played games including 'Family Pairs' (using the cards provided and also family photos), you've completed literacy and numeracy tasks linked to families, you've drawn your families, and also talked to family members about their past (see the wonderful quote below).

"After this we called grandma and he asked her about what it was like when she was young, how it is different now and looked at old photos. He was very intrigued at how grandma did not have a TV or telephone until she was 15 and didn't like the idea that she only used to get one Christmas present. He told her she needed to ask Santa for some more next time."

Please keep up the hard work!!

Thank you to your family for supporting you, they are doing a fantastic job!!!!!!!

Love Mrs Dunham and Mrs Watson 😊
