

Dear Parents, Carers and Year 1,

We want to start this letter with a big...

You are all doing an incredible job at home! We are so pleased to see you all looking so proud and happy at home on the photographs you are sending us. At this uncertain time, we feel that being safe, happy and healthy is of the utmost importance to both us and yourselves.

Thank you for all of your lovely feedback regarding eSchools – it is helping us to make your learning better for you.

In order to make your learning even better, we are continuing to write comments on each piece of work you send us. You can take a look at our comments by opening 'Homework', then 'Homework handed in'. We might even give you some pointers for how you can make your learning even better and help your brains to grow even bigger! If you do correct your learning, we would love to see it! The best way to send this back to us would be via an eSchool message.

The parent guide is there as a method to show you how we would normally teach the concept in school. Please do not feel that you have to upload the completed questions from this part of the learning. However, we would still really love to see all of the completed worksheets and challenges we set.

Parents and carers – we are here for you. Whether you need support with your child's learning or just a friendly ear down the phone, we are more than happy to chat about anything you may need during this challenging time.

Keep working hard, stay safe and keep smiling,

Mr McIntosh, Mrs Davidge and Mrs Trewick
